### **Text från bokens baksida:**

**Tom Eltang** is one of the most talented and skillful pipemakers of our time. He has spent all his adult life making pipes and he is extremely passionate.

Tom has also meant a lot to a number of young Scandinavian pipemakers, whom he has helped getting started making pipes.

This book is a tribute to a very good friend and one of the most creative persons I know.

**Jan Andersson** is the Hon. Secretary of the Pipe Club of Sweden and publisher of the magazine *Rökringar* (Smoke Rings). This is his third book about pipemakers. The first book *Bo Nordh-pipemaker* was published in 2008 and the second *Scandinavian Pipemakers* in 2012. A pipe smoker and collector most of his adult life, Jan lives with his wife in Tyringe, a small village in the southern part of Sweden.
